

# Extreme Wood to Metal Tools

*Power*  
**DRIVER**

**FLVL41**

Secure wood  
to Aluminum  
or Steel

Drive  
1" to 4"  
screws

No  
Pre-Drilling  
Required

*Heavy Duty*  
**DRIVER**

**HDVL71**

Secure wood  
to heavy  
gauge Steel

## Coil Auto Feed Screw Driving Systems

Get the Muro advantage, a simple one step process - no pre-drilling required with our systems, 100 fasteners per easy load coil. Muro's patented Super Wing Screws are designed to ream a clearance hole so the threads do not engage in the wood. On contact with metal, reamer wings break off leaving the self drill point to drill the metal and self threading screw to pull the wood tight. These tools can handle many jobs, including: bus, R.V., trailer floor fabrication & restoration, wood to steel framing, mezzanine floors, manufacturing of commercial vehicles; Horse & utility trailers.

*"Muro has dramatically changed how I build my trailers, screw them off better than ever!"*

Model	Specifications	Screw Range
FLVL41	2400 rpm, 5.0 amp motor	1" - 4"
HDVL71	2 speed motor, 6 amp (High 2,300 rpm / Low 900 rpm)	

**Driver Bits - Double ended, last twice as long: SQR28118** (Square Drive #2), **SQR38000** (Square Drive #3), **PHL28118** (Phillips Drive #2), **TX258118** (Torx Drive #25)  
**Features:** Adjustable depth control for countersinking, Telescopic extension handle

FLVL41 - Power Driver

### Visrope<sup>®</sup> Collated Screw Coils

#### #12 Super Wing Fasteners

Recess	Thread	Coating	Available Sizes	Application
#2 Square	Self Drill	Bright Zinc	1-1/4, 1-3/4, 2, 2-1/2, 3, 4	Wood to Steel or Aluminum

#### 1/4" Super Wing Fasteners

Recess	Thread	Coating	Available Sizes	Application
#3 Square	Self Drill	Bright Zinc	1-3/4, 2, 2-1/2, 3, 4	Wood to Steel or Aluminum

HDVL71 - Heavy Duty Driver

*We stock Super Wing fasteners suitable for all your applications including ACQ lumber and Stainless Steel. Call us for details!*
